pounds

targeting and excellent depth and pace from only a moderate swing length. At net the racquet feels very maneuverable and offers a stable response at impact. We feel this one is a solid update to its G Series predecessor and offers a tad more power from all court positions.

Best suited to 3.5 - 4.5 level players seeking a maneuverable racquet with some solid pop and a comfortable response.

Tennisracket Dunlop

M-Fil 800

Neue Dunlop Racket-Serie 2007 mit der bewährten M-FIL Technologie incl. Besaitung.

Zielgruppe- Freizeitspieler

Eigenschaften- Besonders fehlerverzeihendes Racket
M-File steht für Multifilament. Multifilament ist ein Mix aus Carbon-Fasern, die in ihrer Zusammensetzung

und Stärke variieren. Es findet eine dreidimensionale Verflechtung der Carbon Fasern statt im Gegensatz zur herkömmlichen zweidimensionalen Verflechtung.

Das führt nicht nur zu härteren Aufschlägen und besseren Volleys, sondern im entscheidenden Moment des Schlages - nämlich des Ballaufbralls-zu einem angenehmen Spielgefühl.

Kopfgröße-114sq.inch
Gewicht-270 g
